

Real Estate Funds, Currency Risk and Hedging

ANREV is pleased to invite you to a series of briefings in Hong Kong on 4 September and in Singapore on 11 September.

Join Macquarie's **Mark Battistoni** for a practitioner's review of the most pertinent basics of foreign exchange derivatives and currency hedging program management, followed by a discussion of the high-level and practical implications of evolving derivatives regulations on international investors.

Presentations will be followed by networking drinks.

Hong Kong – Wednesday, 04 September

Singapore – Wednesday, 11 September

RSVP: flora.fung@anrev.org

Speaker

Mark Battistoni is the Asia-Pacific regional leader of Macquarie's private equity risk solutions team, serving the hedging needs of fund managers and related companies in the commercial real estate, corporate buyout, energy & infrastructure, and direct lending sectors. Joining Macquarie in 2018 from Chatham Financial, Mark has advised private equity sector clients on financial risk management since 2001. He graduated with highest distinction from the US Military Academy at West Point, and later earned a master's degree from the Fletcher School of Law & Diplomacy. He has lived in Singapore since 2017.
